

SDGs Contribution Targets by Segment

■ Practicing “Marketing-Based Management” that Incorporates CSV Perspectives to Address the SDGs

The Furukawa Company Group practices “marketing-based management” that incorporates CSV perspectives and creates “social value” by improving social infrastructure and realizing a safe, environmentally friendly, and prosperous society. In these ways, we will help achieve the SDGs.

Segment	Main Products, Technologies, and Services	SDGs with High Contribution Levels (◎: Especially Important; ○: Important)
